- Extensive electronic billing and student communication through standard e-mail, and text messaging

Advantages:

- Convenience to students
- Zero cost to schools offering the plans at a fixed fee
- Reduced administrative costs

ScholarChip® Tuition Payment Plans

Colleges and Universities can offer their students the convenience of standardized payment plans for tuition and fees. The ScholarChip® Tuition Payment Plans (TPP) offer enhancements and features not available in most current plans. These features provide both assistance to students in managing their college expenses as well as effective financial management to schools in handling the payments from these plans.
